*Dear Tony,*

*I wanted to thank you for handling my late husband's gun auction. It was such a hard decision for me to make and part with them. They were Bob's pride and joy; but I knew I did not need them. I know Bob would have been proud of the outcome. I was stunned when Gordon called and told me they sold in about 15 minutes and what they sold for.*

*Thank you for leading me down the right road and for having my best interest at heart. A lot of people would not have done that, so for that, I am very thankful. You are a true professional and made the entire process very easy.*

*Penni*
